Description

How can it be possible to describe one house as sophisticated, modern & chic while at the same time saying 'this is a comfortable family home'. All of those adjectives are possible when you are talking about 312 E 21st Street. These owners have renovated everything with quality & style. The main floor has been re-invented creating a great room effect with the L.R. D.R. and kitchen melding as one. There are 3 beds/2 baths on the top floor and the existing garage has been converted to an office and a gym. However, the jewel in the crown is the sun-drenched outdoor space which is fabulous for summer entertaining and a place for the kids to play. Great laneway access for additional options! You have two choices, you can be bitter you missed this, or better for seeing it...totally your choice!
